**PROXY STATEMENT**

**ANNUAL MEETING:**

Date: Friday, July 22, 2005  
Time: 10:00 a.m. (Houston time)  
Place: Hilton Westchase Hotel  
9999 Westheimer  
Houston, Texas 77042

**AGENDA:**

Proposal 1: For the election of three nominees as directors of the Company for a term of three years.  
  
Proposal 2: For the ratification of the appointment of Ernst & Young LLP as independent auditors of the company.

**RECORD DATE/  
WHO CAN VOTE:**

All stockholders of record at the close of business on June 8, 2005 are entitled to vote. The only class of securities entitled to vote at the Annual Meeting is National Oilwell Varco common stock. Holders of National Oilwell Varco common stock are entitled to one vote per share at the Annual Meeting.

**PROXIES SOLICITED BY:**

Your vote and proxy is being solicited by the Board of Directors for use at the Annual Meeting. This proxy statement and enclosed proxy card is being sent on behalf of the Board of Directors to all stockholders beginning on or about June 17, 2005. By completing, signing and returning your proxy card, you will authorize the persons named on the proxy card to vote your shares according to your instructions.

**PROXIES:**

If your properly executed proxy does not indicate how you wish to vote your common stock, the persons named on the proxy card will vote FOR election of the three nominees for director (Proposal 1) and FOR the ratification of the appointment of Ernst & Young LLP as independent auditors.

**REVOKING YOUR  
PROXY:**

You can revoke your proxy at any time prior to the time that the vote is taken at the meeting by: (i) filing a written notice revoking your proxy; (ii) filing another proxy bearing a later date; or (iii) casting your vote in person at the Annual Meeting. Your last vote will be the vote that is counted.

**QUORUM:** As of June 8, 2005, there were 172,678,564 shares of National Oilwell Varco common stock issued and outstanding. The holders of these shares have the right to cast one vote for each share held by them. The presence, in person or by proxy, of stockholders entitled to cast at least 86,339,283 votes constitutes a quorum for adopting the proposals at the Annual Meeting. Abstentions will be included in determining the number of shares present at the meeting for the purpose of determining a quorum, as will broker non-votes. A broker non-vote occurs when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no instruction is given. However, there will be no broker non-votes in connection with this meeting as the nature of the proposals to be considered at the meeting allows brokers discretionary voting in the absence of timely instruction from beneficial owners. If you have properly signed and returned your proxy card by mail, you will be considered part of the quorum, and the persons named on the proxy card will vote your shares as you have instructed them.

**MULTIPLE PROXY CARDS:** If you receive multiple proxy cards, this indicates that your shares are held in more than one account, such as two brokerage accounts, and are registered in different names. You should vote each of the proxy cards to ensure that all of your shares are voted.

**HOUSEHOLDING:** The Securities and Exchange Commission, or SEC, has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a copy of these materials, other than the Proxy Card, to those stockholders. This process, which is commonly referred to as “householding,” can mean extra convenience for stockholders and cost savings for the Company. Beneficial stockholders can request information about householding from their banks, brokers, or other holders of record. Through householding, stockholders of record who have the same address and last name will receive only one copy of our Proxy Statement and Annual Report, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate Proxy Cards. If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of Proxy Statements and Annual Reports, or if you hold stock in more than one account and wish to receive only a single copy of the Proxy Statement or Annual Report for your household,

please contact ADP Householding Department, in writing, at 51 Mercedes Way, Edgewood, New York 11717, or by phone at (800) 542-1061. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Statement and Annual Report, please notify your broker if you are a beneficial stockholder.

**COST OF PROXY  
SOLICITATION:**

We have retained InvestorCom, Inc. to solicit proxies from our stockholders at an estimated fee of \$4,000, plus expenses. This fee does not include the costs of preparing, printing, assembling, delivering and mailing the Proxy Statement. The Company will pay for the cost of soliciting proxies. Some of our directors, officers and employees may also solicit proxies personally, without any additional compensation, by telephone or mail. Proxy materials also will be furnished without cost to brokers and other nominees to forward to the beneficial owners of shares held in their names.

**PLEASE VOTE - - YOUR VOTE IS IMPORTANT**

## MERGER WITH VARCO

On March 11, 2005, National-Oilwell, Inc., a Delaware corporation (“National Oilwell”) held a special meeting of stockholders to approve the merger of Varco International, Inc., a Delaware corporation (“Varco”) with and into National Oilwell, with National Oilwell being the surviving corporation (the “Merger”). National Oilwell then changed its name to National Oilwell Varco, Inc. (“National Oilwell Varco” or the “Company”), pursuant to the Amended and Restated Agreement and Plan of Merger, effective as of August 11, 2004 (the “Merger Agreement”). At completion of the Merger, National Oilwell stockholders owned approximately 51% of the Company and Varco stockholders owned approximately 49% of the Company.

In accordance with the Merger Agreement, five former Varco directors joined the National Oilwell Varco Board when the merger closed on March 11, 2005: John F. Lauletta, Greg L. Armstrong, Eric L. Mattson, Jeffery A. Smisek, and James D. Woods. Our other current directors who were previously elected by stockholders of National Oilwell are: Merrill A. Miller, Jr., Robert E. Beauchamp, Ben A. Guill, David D. Harrison and Roger L. Jarvis.

Unless we note otherwise, information about National Oilwell Varco in this proxy statement generally refers to National Oilwell for any time before the merger.

## ELECTION OF DIRECTORS PROPOSAL NO. 1 ON THE PROXY CARD

The Board of Directors of National Oilwell Varco is divided into three classes, each class serving a term of three years. Directors whose terms expire this year include John F. Lauletta, Robert E. Beauchamp, and James D. Woods.

On May 18, 2005, Mr. Lauletta, our Chairman of the Board, informed the Board of his intention not to stand for re-election at the Annual Meeting. Upon Mr. Lauletta’s resignation, Merrill A. Miller, Jr., our President and Chief Executive Officer, will succeed Mr. Lauletta as Chairman of the Board. The size of the Board is currently set at ten members. Upon Mr. Lauletta’s resignation, which will create a vacancy in the Board, the Board will reduce the size of the Board to nine members. The Company’s Amended and Restated Certificate of Incorporation provides that any decrease in the number of directors shall be apportioned among the classes as equally as possible.

Robert E. Beauchamp, Jeffery A. Smisek and James D. Woods are nominees for directors for a three-year term expiring at the Annual Meeting in 2008, or when their successors are elected and qualified. Upon his election to the class of directors whose terms expire in 2008, Mr. Smisek will resign from the class of directors whose terms expire in 2007, equally apportioning the classes of directors. The Company believes each of the nominees will be able to serve if elected. However, if any nominee is unable to serve, the remaining members of the Board have authority to nominate another person, elect a substitute, or reduce the size of the Board. Directors whose terms expire in 2006 and 2007, other than Mr. Smisek, will continue to serve in accordance with their prior election or appointment. Proxies cannot be voted for a greater number of persons than the number of nominees named.

**Vote Required for Approval**

Directors are to be elected by a plurality of the votes cast at the meeting. This means that the three nominees receiving the greatest number of votes will be elected. In accordance with New York Stock Exchange rules, a proposal to elect directors is considered to be a “discretionary” item. This means that brokerage firms may vote in their discretion on this matter on behalf of beneficial owners who have not furnished voting instructions within the time period specified in the voting instructions submitted by such brokerage firms. Votes withheld for any Director will not be counted. Your shares will be voted as you specify on your proxy. If your properly executed proxy does not specify how you want your shares voted, we will vote them for the election of the three nominees listed below.

## AUDIT COMMITTEE REPORT

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, include providing oversight to the Company's financial reporting process through periodic combined and separate meetings with the Company's independent auditors and management to review accounting, auditing, internal controls and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

We have reviewed and discussed with senior management the audited financial statements included in the Company's Annual Report on Form 10-K. Management has confirmed to us that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles.

We have discussed with Ernst & Young LLP, the Company's independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Sec. 380), as may be modified or supplemented. SAS 61 requires independent auditors to communicate certain matters related to the conduct of an audit to those who have responsibility for oversight of the financial reporting process, specifically the audit committee. Among the matters to be communicated to the audit committee are: (1) methods used to account for significant unusual transactions; (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus; (3) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and (4) disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

We have received from Ernst & Young a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between Ernst & Young LLP and the Company. Ernst & Young LLP has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review of the financial statements, the discussion with Ernst & Young regarding SAS 61, Independence Standards Board Standard No. 1, and receipt from them of the required written disclosures, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's 2004 Annual Report on Form 10-K.

Notwithstanding the foregoing, our charter clarifies that it is not our duty to conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of financial statements in accordance with GAAP. Management is also responsible for assuring compliance with laws and regulations and the Company's corporate policies, subject to our oversight in the areas covered by our charter. expressing opinions on those financial statements and on management's assessment and on the effectiveness of the Company's internal control over financial reporting.

We are not employees of the Company or accountants or auditors by profession or experts in the fields of accounting or auditing. We rely, and are entitled to rely, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with GAAP and on the representations of the independent auditors included in their report on the Company's financial statements.

The Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with GAAP and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP or that the audit of the Company's financial statements has been carried out in accordance with GAAP.

**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS  
PROPOSAL NO. 2 ON THE PROXY CARD**

**Information Regarding our Independent Auditors**

The Audit Committee of the Board of Directors has reappointed Ernst & Young LLP as independent auditors for 2005. Stockholders are being asked to vote upon the ratification of the appointment. Representatives of Ernst & Young will attend the Annual Meeting, where they will be available to respond to appropriate questions and have the opportunity to make a statement if they desire.

**Vote Required for Approval**

The proposal to ratify the appointment of Ernst & Young LLP as independent auditors will require approval by a majority of the votes cast on the meeting. In accordance with New York Stock Exchange rules, a proposal to ratify independent auditors is considered to be a “discretionary” item. This means that brokerage firms may vote in their discretion on this matter on behalf of beneficial owners who have not furnished voting instructions within the time period specified in the voting instructions submitted by such brokerage firms. Abstentions, which will be counted as votes present for the purpose of determining a quorum, will have the effect of a vote against the proposal. Your shares will be voted as you specify on your proxy. If your properly executed proxy does not specify how you want your shares voted, we will vote them for the election of the three nominees listed below.

**Audit Fees**

The Audit Committee pre-approves all services provided by the Company’s independent auditors to the Company and its subsidiaries. Consideration and approval of such services generally occurs in the regularly scheduled quarterly meetings of the Audit Committee. The Audit Committee has delegated the Chairman of the Audit Committee to pre-approve allowed non-audit services, subject to review by the full committee at the next regularly scheduled meeting. The Audit Committee has considered whether the provision of all services other than those rendered for the audit of the Company’s financial statements is compatible with maintaining Ernst & Young’s independence and has concluded that their independence is not compromised.

The following table sets forth Ernst & Young LLP’s fees for services rendered during 2003 and 2004. All 2004 services provided by Ernst & Young LLP were pre-approved by the Audit Committee.

In addition, the agreements contain certain termination provisions. If the employment relationship is terminated by the Company for any reason other than (i) voluntary termination; (ii) termination for cause (as defined); (iii) death; or (iv) long-term disability; or if the employment relationship is terminated by the employee for Good Reason, the employee is entitled to receive three times the sum of his current base salary plus the highest annual bonus received by the employee over the preceding three-year period, three times the amount equal to the total of the employer matching contributions under the Company's Retirement and Thrift Plan and Supplemental Savings Plan, and three years participation in the Company's welfare and medical benefit plans. The employee shall have the right, during the 60-day period after such termination, to elect to surrender all or part of any stock options held by the employee at the time of termination, whether or not exercisable, for a cash payment equal to the spread between the cost of the option and the highest reported per share sales price during the 60-day period prior to the date of termination. Any option not so surrendered will remain exercisable until the earlier of one year after the date of termination or the stated expiration date of the specific option grant. Under the agreements, termination by the employee for "Good Reason" means (i) the assignment to the employee of any duties inconsistent with his current position or any action by the Company that results in a diminution in the employee's position, authority, duties or responsibilities; (ii) a failure by the Company to comply with the terms of the agreement; or (iii) the requirement of the employee to relocate or to travel to a substantially greater extent than required at the date of the agreement. In addition, compensation will be "grossed up" for any excise tax imposed under Section 4999 of the Internal Revenue Code as a result of any payment or benefit provided to Messrs. Miller or Krablin under the employment agreements. The agreements also contain restrictions on competitive activities and solicitation of our employees for three years following the date of termination.

Mr. Krablin, whose employment was terminated effective April 1, 2005 in connection with the Merger, has received \$2,174,050 related to the severance payment under his employment contract and \$1,792,476 related to the value of unexercisable options that became exercisable. In addition, Mr. Krablin will receive the above-described benefits as a result of his termination.

We entered into employment agreements on January 1, 2002 with Messrs. Neveu and Reese that contain certain termination provisions. Under the employment agreements, Messrs. Neveu and Reese are provided base salary, currently set at \$250,000 each. The agreements have a one-year term and are automatically extended on an annual basis. The agreements also provide for participation in employee incentive plans, and employee benefits as generally provided to all

employees. If the employment relationship is terminated by The Company for any reason other than (i) voluntary termination; (ii) termination for cause (as defined); (iii) death; or (iv) long-term disability; or if the employment relationship is terminated by the employee for Good Reason, the employee is entitled to receive the sum of his current base salary plus the highest annual bonus he would be entitled to earn under the current year incentive plan and an amount equal to the total of the employer matching contributions under the Company's Retirement and Thrift Plan and Supplemental Savings Plan, and one year's participation in the Company's welfare and medical benefit plans. The agreements also contain restrictions on competitive activities and solicitation of our employees for one year following the date of termination.

We entered into an employment agreement with Mr. Stratulate in connection with the June 28, 2000 merger between the Company and IRI International Corporation. Under the employment agreement, Mr. Stratulate is provided a base salary currently set at \$255,895. The agreement also provides for participation in employee incentive plans, and employee benefits as generally provided to all employees. The agreement automatically extends for one year on an annual basis. If Mr. Stratulate's employment is involuntarily terminated at any time without cause, he will have the right to receive a lump sum payment of 150% of his base salary. The agreement also contains restrictions on competitive activities and solicitation of our employees for one year following the date of termination.

Additionally, the Company's stock option agreements provide for full vesting of unvested outstanding options in the event of a change of control of the Company and a change in the optionee's responsibilities following a change of control.

*Lauletta Termination.* Mr. Lauletta's employment will terminate effective June 30, 2005. Since his termination is within 24 months of the [Merger] and for a Good Reason, as defined in his employment agreement, Mr. Lauletta is entitled to receive the following severance compensation and benefits: (a) a lump sum cash payment equal to three times the sum of his (i) base salary, (ii) his annual bonus at expected value, (iii) the annual contributions expected under the Company's 401(k) Plan and Deferred Compensation Plan, (iv) the expected costs of the medical and dental benefits (based on the cost sharing arrangement in place on the date of termination), and (v) certain automobile costs (grossed-up for taxes); (b) a lump sum cash payment equal to the sum of (i) his annual bonus for 2005 at the higher of its expected value or actual results during the year of termination, which is pro-rated to his date of termination and (ii) 15% of his base salary; (c) full vesting of all accrued benefits under the Company's SERP (with certain enhanced benefits), deferred compensation plan and retiree medical plan, as applicable, all restricted stock awards, and an extended exercise period for his stock options; (d) payment of awards earned under any intermediate or long-term bonus plan; and (e) a parachute tax gross-up payment so that Mr. Lauletta receives the same amount after tax that he would have received had none of these payments been subject to the 20% excise tax applicable to "parachute payments." The amount of the cash payments to be made to Mr. Lauletta is estimated to be \$4.0 million.

## **Compensation Committee Report on Executive Compensation**

National Oilwell Varco's executive compensation program is administered by the Compensation Committee of the Board of Directors. The committee establishes specific compensation levels for the Company's executive officers and administers the Company's stock award plans. The Compensation Committee's philosophy regarding executive compensation is to design a compensation package that will attract and retain key executives focused on the Company's annual growth and long-term strategy. The committee's objective is to provide compensation packages for key executives that offer compensation opportunities in the median range of oilfield service companies with a similar market capitalization. Data sources included industry survey groups, national survey databases, proxy disclosures and general trend data, which are updated annually.

Components of the executive compensation program for 2004 were base salary, participation in the Company's annual cash incentive plan and the grant of non-qualified stock option awards.

*Base Salary.* Salary levels are based on factors including individual performance, level and scope of responsibility and competitive salary levels within the industry. The Company does not give specific weights to these factors. The committee determines median base salary levels by a comprehensive review of information provided in proxy statements filed by oilfield service companies with similar market capitalizations monitored in the Simmons & Company International Oilfield Service Monthly Performance and Valuation Guide. Each executive is reviewed individually on an annual basis. Salary adjustments are based on the individual's experience and background, the individual's performance during the prior year, the general movement of salaries in the marketplace, our financial position and the recommendations of our chief executive officer. As a result of these factors, an executive's base salary may be above or below the targeted median at any point in time. Based on the Company's positive financial results and the criteria for the salary determinations, the Company's named executive officers, other than its chief executive officer, received the following salary increases: Mr. Krablin – from \$350,000 to \$400,000; Mr. Neveu – from \$225,000 to \$250,000; and Mr. Reese – from \$200,000 to \$250,000.

*Annual Incentive Awards.* Substantially all exempt employees, including executive officers, participated in the Company incentive plan in 2004, aligning a portion of each employee's cash compensation with Company performance against a predetermined operating income target. As in prior years, the incentive plan provided for cash awards if objectives related to the Company's financial performance were met, and participant award opportunities varied depending upon individual levels of participation. Payouts were calculated by multiplying the increase in operating profit over a pre-determined level based on the Company's financial plan by the participant's base salary multiplied by the participant's participation level. The chief executive officer's participation level was 100%, and the executive officers' participation level was 75%. The Company had to achieve an established minimum operating profit target before awards were earned by any employees, including executive officers, with higher levels of performance resulting in increased payments based upon an established progression. Additionally, certain key

## Table of Contents

executives including all executive officers were subject to a 25% maximum bonus adjustment if a predetermined capital employed target was under- or over-achieved.

Based on the Company's positive financial results and the criteria for the 2004 incentive plan, bonus awards were made to the Company's named executive officers, other than its chief executive officer, as follows: Mr. Krablin — \$235,123; Mr. Stratulate — \$154,568; Mr. Neveu — \$142,394; and Mr. Reese — \$144,519.

*Long-Term Incentive Compensation.* The primary purpose of our long-term incentive compensation is to provide our executive officers with a longer-term perspective in their managerial responsibilities. This component of an executive officer's compensation directly links the officer's interests with those of our other stockholders. In addition, long-term incentives encourage management to focus on our long-term development and prosperity in addition to annual operating profits. Our primary form of long-term incentive compensation is through stock option grants.

The goal of the stock option program is to provide a compensation program that is competitive within the industry while directly linking a significant portion of the executive's compensation to the enhancement of stockholder value. The ultimate value of any stock option is based solely on the increase in value of the shares of our common stock over the grant price. Accordingly, stock options have value only if our stock price appreciates from the date of grant. This at-risk component of compensation focuses executives on the creation of stockholder value over the long-term. We grant stock options to the Company's key executives based on competitive grants within the industry. Our executives are eligible to receive stock options annually with other key managers becoming eligible on a discretionary basis. Eligibility for an award does not ensure receipt of a stock option award. Options are granted at the then-current market price and generally vest in equal annual installments over a three-year period, and have a ten-year term subject to earlier termination. Based on the foregoing, options were granted to the Company's named executive officers, other than its chief executive officer, as follows: Mr. Krablin — 50,000; Mr. Stratulate — 30,000; Mr. Neveu — 30,000; and Mr. Reese — 30,000.

*Other Compensation.* Our executive officers participate in the Company's retirement and savings plans and post-retirement programs such as retiree medical on the same basis as other similarly-situated employees. The Company "matches" certain employee contributions to its Retirement and Thrift Plan and its Supplemental Savings Plan with cash contributions. Company matching amounts for the named executive officers are included under the caption "All Other Compensation" in the Summary Compensation Table on page 24.

*Section 162(m).* Section 162(m) of the Code currently imposes a \$1 million limitation on the deductibility of certain compensation paid to our five highest paid executives. Excluded from the limitation is compensation that is "performance based." For compensation to be performance based, it must meet certain criteria, including being based on predetermined objective standards approved by stockholders. Although the Compensation Committee takes the requirements of Section 162(m) into account in designing executive compensation, there may be circumstances when it is appropriate to pay compensation to our five highest paid executives that does not qualify as "performance based compensation" and thus is not deductible by us for federal income tax purposes.

**Compensation of the Chief Executive Officer.** Components of Mr. Miller's compensation for 2004 were consistent with those for executive officers as described above and included base salary, participation in the incentive plan and the grant of stock options. In considering Mr. Miller's salary level, the committee annually reviews the compensation level of chief executive officers by oilfield service companies monitored by the Simmons & Company International Oilfield Service Monthly Performance and Valuation Guide and considers Mr. Miller's individual performance and success in achieving the Company's strategic objectives. In 2004, based on this review, Mr. Miller's base salary was increased from \$475,000 to \$600,000, he received an option to purchase 100,000 shares of National Oilwell Varco common stock and he was awarded a bonus of \$443,325.

**PERFORMANCE GRAPH**

The graph below compares the cumulative total shareholder return on our common stock to the S&P 500 Index, the S&P Oil & Gas Equipment & Services Index, and to a self-constructed peer group of similar companies in the oilfield service industry (including BJ Services Company, Cooper Cameron Corporation, Smith International, Inc., and Varco International Inc.). On March 11, 2005, Varco merged with and into National Oilwell, and National Oilwell Varco will cease using the self-constructed peer group going forward. The total shareholder return assumes \$100 invested on December 31, 1999 in National Oilwell Varco, the S&P 500 Index, the S&P Oil & Gas Equipment & Services Index and the peer group. It also assumes reinvestment of all dividends. The peer group is weighted based on the market capitalization of each company.
